

AMENDMENTS TO THE DRAWINGS

The attached "Replacement Sheet" of drawings includes changes to Figure 22. The attached "Replacement Sheet," which includes Figures 20, 21, and 22, replaces the original sheet including Figures 20, 21, and 22.

Attachment: Replacement Sheet

REMARKS

A replacement drawing sheet is being submitted at this time to correct a minor error in Figure 22, that only came to the attention of the undersigned on Nov. 26, 2007 while reviewing the drawings of the present application during the preparation of a divisional application.

The undersigned noted that the angle denoted by reference number 1012 in Figure 22 needed to reflect the angle of downstream edge 1008 of the nozzle, rather than the angle of the plug 1110. This correction does not involve the addition of any new matter into the application at this time.

If the Examiner should have any questions he is requested to contact the undersigned at (248) 641-1600 to discuss same.

Respectfully submitted,

Dated: Nov. 28, 2007
